A FERTILE GROUND FOR GROWTH!

A fertile Ground for Growth

Welcome to Kenenet Consultancy

Kenenet Consultancy stands as a distinguished privately owned, management consulting and organizing business. Our focus is primarily directed towards the services industry, encompassing industrial, commercial, and governmental sectors.

Kenenét consultancy
A FERTILE GROUND FOR GROWTH!

At Kenenet Consultancy, we navigate the intricacies of organizational life, delving into team formations, systems, lines of reporting, communication channels, and beyond. Our commitment lies in designing and redesigning your organization to propel you towards your goals. Through the implementation of organizational structures and systems aligned with your strategies, we offer consultations that yield increased efficiency, faster decision-making, improved product and service quality, enhanced profits, stronger customer relations, and a more motivated workforce.

At Kenenet Consultancy, we navigate the intricacies of organizational life, delving into team formations, systems, lines of reporting, communication channels, and beyond.

Recognizing the fundamental importance of a well-structured organization, we understand the necessity for consistent quality of work, improved coordination, and high staff morale, all of which contribute to elevated staff performance. We emphasize the significance of vigilance in organizational design.

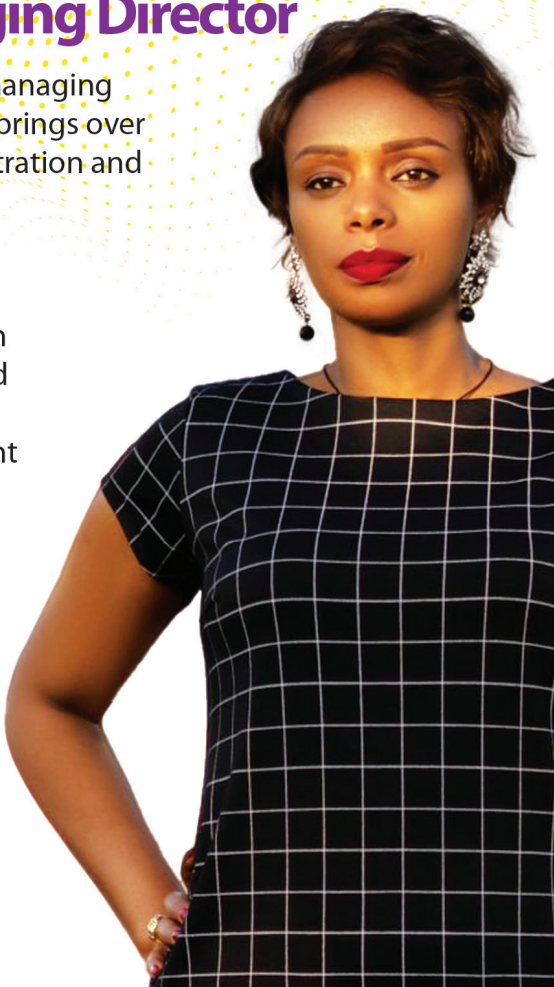

Meet the **Founder & Managing Director**

Bayush Mamo, the founder and managing director of Kenenet Consultancy, brings over 14 years of experience in administration and management.

With a Master's in Project Management from KROK University in Kiev, Ukraine, Bayush has successfully led and consulted for companies across various industries, achieving notable client outcomes.

Organizing & Consulting Excellence

Our services encompass a comprehensive approach, including assessment, research, analysis, drafting, implementation, and evaluation. The core objectives of Kenenet Consultancy revolve around meeting the market demand for organizing and consulting services and building collaborative client relationships.

Engaging Solutions

Our consulting engagements range from due diligence reviews to the development of systems and procedures for companies, manufacturing processes, and quality systems integration. We pride ourselves on implementing management reporting systems that measure progress in both service and product development.

Guided by Core Values

At Kenenet Consulting, our core values of honesty, integrity, cost-effective solutions, and excellence govern every aspect of our client-organizing partnership. Our wealth of experience ensures that clients receive tailored, results-oriented solutions.

Our consulting engagements range from due diligence reviews to the development of systems and procedures for companies, manufacturing processes, and quality systems integration.

Unlocking the Benefits of Organizing

A robust organizational framework is essential for expanding company operations, identifying resources for growth, and enhancing efficiency by reducing waste. Our clear "chain of command" enhances accountability, crucial for measured and analyzed outcomes.
